

**MDU**

**Fiber To Your Community**

***LV.Net***

## MDU services provided by LV.Net

**LV.Net provides the best Internet service that specializes in a high speed, low cost deployment for your community.**

**We serve:**

-  **Townhouses**
-  **Condominiums**
-  **Hotels**
-  **Motels**
-  **High-Rise Condos**
-  **Apartment Buildings**
-  **Master Planned Communities**

**Whether you are breaking ground on a new community or have existing property, LV.Net can install High Speed Internet service for you.**

## Why choose LV.Net?

We have several business models which include minimal or full involvement by the property to meet all specific requirements of our clients. Our plans offer the highest bandwidth for the lowest cost.

### Advantages:

- Fast and professional installation
- High speed and scalability with symmetrical speeds 100Mbps - 1.5Gbps
- Competitive prices and cost savings for owners
- Revenue sharing
- Redundant network, so outages stay localized to a single fiber/building
- Immediate response to outages
- 24/7/365 local technical support customized to the property

## High-Rise Condos. Hotels.

**LV.Net has plans that provide the best quality service for your community and creates revenue for you.**

**Call us today to hear how LV.Net can empower your property with the best in high speed Internet.**

**LV.Net is the first locally owned Internet service provider to bring fiber to the community.**

## Apartment Buildings and Condominiums.

**LV.Net delivers the most cost effective, high speed Internet to apartment buildings.**

**Partnering with LV.Net provides many benefits to your community such as:**

-  **Low cost, high speed Internet service for your tenants**
-  **Dedicated connection to each unit (no sharing your bandwidth with your neighbors)**
-  **Redundant network design (if a single building loses power, the rest of the community is not affected)**

**Benefits for owners:**

-  **Leverage new tenants with LV.Net powered Internet**
-  **Revenue sharing (the more units using LV.Net services, the more money you can make)**
